SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants hereby voluntarily disclose the information listed on the attached Form PTO-1449 to the Commissioner of Patents and Trademarks. A copy of item E is enclosed herewith.

This disclosure supplements an Information Disclosure Statement mailed January 26, 2004.

Applicants further reserve the right to establish the patentability of the claimed invention over any of the listed information should they be applied as references, and/or to prove that some of the cited information may not be prior art, and/or to prove that some of the cited information may not be enabling for the teachings they purport to offer. This statement further should not be construed as the representation that an exhaustive search has been made, or that the information cited herewith is material, or that there does not exist information more material to the

examination of the present Application. The Examiner is specifically requested not to rely solely on the information submitted herein. On the contrary, the Examiner is requested to conduct an independent and thorough review of the information, and to form independent opinions as to their significance.

It is respectfully requested that the Examiner initial and return a copy of the enclosed PTO-1449 and to indicate in the official file wrapper of the above-identified patent application that each item of the cited information has been considered.

Respectfully submitted,

Feb 22, 2004

Abstract of DE3219442

The invention relates to a pressure-sensitive adhesive mixture composed of a pressure-sensitive adhesive composition which joins objects to one another by means of finger pressure, which is characterised in that it has an adhesive strength of at least 150 g/15 mm and a cohesive strength of 0 to 2.0 mm/h, measured by the method contained in the description, and to which an organosilicon monomer containing a functional group has been admixed as a water-resistant agent.
